WEEKLY QUESTIONS

Question 1 (August 26, 2020)

- Area this addresses (i.e a "need" or something "missing")

  - Eye gaze in the retail space

- Market Analysis of topic

  - Eye gaze in retail, gaming, medical, education. Most have something established, so I am going to focus on improving something

- Market Research of topic

  - Eye gaze in retail, seems there aren't many solutions for eye gaze consumer solutions

Question 2 (September 3, 2020)

- Name the possible patents, licensing, open source status

  - ...

- Will you possibly use some of their code for your solution to make something new/better? Why? Are you able to legally use it beyond research (i.e open source, commercial license?)

  - ...
